IT Network Solutions, Inc. Plan of Domestication

In accordance with Illinois 805 ILCS 415/301, Section 301. Domestication authorized.

- (a) Except as otherwise provided in this Section, by complying with this Article, a domestic entity may become a domestic entity of the same type in a foreign jurisdiction if the domestication is authorized by the law of the foreign jurisdiction.

AND

In accordance with Florida Statute 607.11920(1)"

- (1) By complying with this section and ss. 607.11921-607.11924, as applicable, a foreign corporation may become a domestic corporation if the domestication is permitted by the organic law of the foreign corporation.

Under said Plan of Domestication, and in accordance with both statutes from the domestic state of Illinois to the foreign state of Florida as referred to above:

The domesticating corporation (corporation before change/domestication) is: IT Network Solutions, Inc. Incorporated in the State of Illinois on January 12, 2005.

The domesticated corporation (corporation after change/domestication) is: WJN Network Solutions, Inc. with the jurisdiction of formation of the domesticated corporation being Florida.

The shares issued and outstanding of the domesticated corporation are the same as the domesticating corporation, that is, 1000 common shares with a .0000 par value.

The issued shares of the domesticated corporation continue to be owned 100% by William J. Niles just as they were before domestication.

After the domestication, the type, structure, ownership and federal id number of the domesticated corporation remain the same as the domesticating corporation.

The domesticated corporation carries on with the S-corporation tax status held, approved and recognized by the Internal Revenue Service prior to domestication.

The directors and officers, including William J Niles as director and President remain with the domesticated corporation.

Since the effect of the domestication is merely to change the location and name of the corporation with no interruption to the business continuity, no tax consequences are expected.

IT Network Solutions, Inc. intends on adopting a plan of domestication from the State of Illinois to the State of Florida.
